CAPABILITY STATEMENT

Commercial Plumbing for Front Range General Contractors

SDVOSB Certified • GC-Direct Subcontractor • Denver Metro & Colorado Front Range

SERVICE-DISABLED VETERAN-OWNED CERTIFIED

CORE COMPETENCIES

- Commercial plumbing packages for general contractors, rough-in through trim
- Underground, rough-in, top-out, and fixture trim phases
- Multifamily and housing plumbing delivered as commercial GC construction packages
- Industrial, logistics, and data center facilities
- Government and public infrastructure building work
- Hospitality and hotel projects
- Healthcare and life sciences: medical office buildings and ambulatory facilities
- Schedule and trade coordination with GC superintendents and project teams
- Change order pricing, documentation, and punch list closeout

DIFFERENTIATORS

- **SDVOSB Prime and Sub Value:** SBA VetCert certified Service-Disabled Veteran-Owned Small Business, supporting federal set-asides and GC small business and veteran subcontracting goals.
- **Owner-Operator GC Relationships:** Founder Brandon Chase personally leads business development and is the direct point of contact for every GC partner.
- **Master Plumber Craft Ownership:** Building around a full-time responsible master plumber who owns field quality, consistent with Colorado's one-master-per-contractor requirement.
- **Commercial Only:** Focused exclusively on GC-led commercial construction. No residential service or single-family work, so crews and attention stay on your schedule.
- **Front Range Focus:** Concentrated on Denver metro and the Front Range corridor for responsive coverage and local jurisdiction familiarity.
- **Healthcare Insight:** Founder brings 12+ years of healthcare and life sciences leadership, helping project teams align with healthcare and life sciences owners.

PAST PERFORMANCE

Fathom Mechanical is a newly formed company. Founder Brandon Chase brings 12+ years of value-based care and partnerships leadership across UC San Diego Health (Clinically Integrated Network / ACO), Salesforce, and Medallion, plus completed SDVOSB and SAM.gov registration for federal readiness. Plumbing trade past performance will be documented following the master plumber hire and first GC packages.
